ASIA PACIFIC ORTHOPAEDIC ASSOCIATION
TRAUMA & INFECTION MEETING
2017

Theme: Comprehensive Trauma Care

Date:
● 30th March 2017 (Pre-Conference Workshop)
● 31st March – 2nd April 2017 (Conference Days)

Venue:
Le Meridien Hotel Putrajaya, Kuala Lumpur

Website:
www.apoatrauma.com

In Collaboration With:
The International Society for Fracture Repair

APOA TRAUMA TRAVELLING FELLOWSHIP 2017

Deadline for application: 30th November 2016

● Tour trauma centres of excellence in Malaysia
● Interact and learn from renowned trauma surgeons

[More information available at www.apoatrauma.com]

Closing Date:
31st December 2016

Awards will be given for the BEST Free Paper Oral and Poster Presentations. Visit the conference website to learn more.
Trauma forms the most important part of Orthopaedic Surgery. In many ways most of us signed up to orthopaedic training because we were so taken by the biology and mechanics of trauma care. Trauma encompasses all parts of the orthopaedic anatomy and all age ranges from infants to pensioners. Trauma care often provides the best outcomes for our investment of time and effort. Whereas many of us have moved on from trauma care to other branches of orthopaedic surgery, a large part of our thinking remains rooted in the principles we learned during our training.

Over the years we have come to realise the value of trauma care in the training of young surgeons. In advanced nations, trauma care is a specialty, just like arthroplasty and spinal surgery. It is the intention of the Asia Pacific Orthopaedic Association and the Trauma section to advance the status of trauma care in our region and unify the systems of trauma care so that we may all speak the "same language of trauma". Thus the thrust of the Trauma meeting shall be to reinvigorate our interest in the basics of trauma care whilst also providing a platform for senior surgeons to share their vast experience.

Bone and joint infections are very much related to the history of the formation of the APOA. In the early years of the APOA, the major topics of the day would always include polio and tuberculosis. Fortunately, polio is now almost extinct. Tuberculosis, however, is still rampant in our region and may well be making a comeback. It is joined by other forms of bone and joint infections, some de novo and some iatrogenic. Some are very common and troublesome, such as diabetic foot infections. Others, such as melioidosis, are significant and exotic. The strategy of care is fascinating as it involves the basic sciences of medical microbiology, pharmaco-therapeutics and surgery. Of course, many of the infections we encounter in our major cities are post-traumatic. The synergy of holding a trauma meeting with the infection section is obvious.

This meeting is designed so that we can cover a limited of set of topics greater detail through instructional course lectures. There will also be opportunities for surgeons to bring cases for forum discussion, providing a greater width with specific end-points. With this we hope that the model can be replicated at subsequent venues and yet remain fresh.

I have every faith that the sectional chairman, Dr C Sankara Kumar from Malaysia and Dr Nicolaas Budiparama from Indonesia will organise a splendid meeting in Putrajaya. Please come and join us.

Dr David Choon Siew Kit
President
Asia Pacific Orthopaedic Association
Since the year 1962, the Asia Pacific Orthopaedic Association has played a pivotal role in getting information on the latest medical innovations and discoveries in the field of orthopaedics available to the Orthopaedic Surgeon community. Throughout the years, our mission has never changed; to promote the education, research and fellowship amongst orthopaedic surgeons in this region. As such, it is our responsibility to provide them with the materials and tools they would need to fulfil their true potential in the field of orthopaedics.

Running on the theme “Comprehensive Trauma Care”, the association, or the Asia Pacific Trauma Society in particular, offers a unique and insightful experience with the upcoming Trauma & Infection Meeting 2017. Though specialisation is the key to developing a pure understanding of an area, it is important that every trauma surgeon or allied health professional be exposed to the many different fields of trauma care. This will not only aid us in understanding the underlying principles that govern the treatment of different cases, but also allow us to better serve our patients.

Our committee is working hard and has prepared a unique and exciting selection of topics within the different subspecialities in trauma care and infection management. We look forward to the collaboration we have established with the International Society for Fracture Repair (ISFR), who will be organising some instructional course lectures and symposiums during the conference. The lectures and symposiums will provide all delegates with information that is most relevant on the international orthopaedic stage. I look forward to sitting through some of these sessions myself.

Kuala Lumpur is a city that provides a brilliant platform for such an event to be held. You will not only be able to receive an education during this period, but also be able to enjoy the fascinating sights and sounds that this city has to offer, from the modern Petronas Twin Towers to the breathtaking limestone hills of Batu Caves. With the evolving traditions and modernisation that takes place in Malaysia, it is a fitting location to have this meeting, which propagates the similar ideal of evolution. I hope you will join us on this journey of learning in Kuala Lumpur.

Dr C. Sankara Kumar Chandrasekaran  
Organising Chairman  
APOA Trauma & Infection Meeting 2017

**APOA TRAUMA & INFECTION MEETING 2017 COMMITTEE**

**Organising Chairman:**  
Dr C. Sankara Kumar Chandrasekaran

**Chairman of Trauma Section:**  
Dr C. Sankara Kumar Chandrasekaran

**Chairman of Infection Section:**  
Dr Nicolaas C. Budhiparama

**Scientific Committee:**  
Dr Jamal Ashraf  
Dr Miles Dela Rosa  
Dr Simmrat Singh Jagdis Singh  
Dr Suhaeb Abdulrazzaq Mahmood  
Dr Yohan Khirusman Adnan  
Assoc Prof Dr David Hak (ISFR)  
Assoc Prof Dr Cyril Mauffrey (ISFR)
### APOA Trauma & Infection Meeting 2017 Programme Overview

**Lecture Hall A**
- 6th Congress of the Asia Pacific Trauma Society

**Lecture Hall B**
- 7th Infection Section Scientific Meeting

**Lecture Hall C**
- Allied Health Session

CALL FOR ABSTRACTS
APOA Trauma & Infection Meeting 2017
Deadline to submit all abstracts is before 5.00pm, 31st December 2016.

ABSTRACT SUBMISSION GUIDELINES FOR ROBERT BAUZE GOLD MEDAL SESSION: TRAUMA, INFECTION SECTION BEST PAPER SESSION AND FREE PAPER POSTER PRESENTATIONS

The abstract template can be downloaded at www.apoatrauma.com. Please use the template provided. Any abstracts exceeding 1 A4 page will not be considered.

Structure for abstract submission:
1. Title of abstract
2. Names of all authors
3. Details of affiliation of author(s); institution, city, country

Abstract content should consist of:
1. Introduction
2. Materials & Methods
3. Results
4. Discussions
5. Conclusions
6. References

1. Maximum number of words in abstract content is 350 words (excluding title, names and details of authors). For font type, size and alignment, refer to the abstract template.
2. You may attach up to 3 figures including graphic and tables, etc. in each abstract.

Ensure that all changes, corrections and proof reading have been carried out before submission. Once you have submitted, you will not be able to edit the information given.

Abstract submission is to be done online at our website, www.apoatrauma.com.

Successfully accepted abstracts will be published in APOA Trauma and Infection Meeting 2017 website unless informed by the applicant that he/she does not want the abstract to be published there.

Abstract Review
All abstracts will be reviewed by the Scientific Committee. The Committee reserves the right to:
1. Select the abstracts relevant to the session
2. Decide on the final form of presentation

For any inquiries regarding abstract submission, email abstract@apoatrauma.com

Standard package comes with access to Meet The Experts Sessions, Welcome Cocktails on Friday evening, choice of Technique Workshops and choice of 3 ICLs. During registration, please select the 3 ICLs you prefer and additional ICLs.

Terms and Conditions:
Online registration will open in September 2016. Log on to www.apoatrauma.com to register.

- To enjoy the Master Trainee rate, online registrations must be accompanied by a letter from your trainee programme and a letter from the local association of your country.
- If your APOA membership is no longer current, your registration will automatically be processed as a Non-APOA Member.
- If you wish to check your status of APOA membership, please contact the APOA secretariat at +603 4023 4700 or email membership@apoaoonline.com.
FIVE (5) fellowships available.
Fellows will spend one week touring trauma centres of excellence in Malaysia. This is a unique opportunity to interact and learn from renowned trauma surgeons in Malaysia.

The fellowship will take place during the week of the APOA Trauma & Infection Meeting 2017 [26th March 2017 (Sunday) to 2nd April 2017 (Sunday)].

Guidelines and Criteria for Application:
• Individuals must submit an abstract for the Free Paper Presentation competition taking place during the APOA Trauma & Infection Meeting 2017 by 30th November 2016.
• Individuals must be a Chapter or Federation Member of the APOA for at least a year upon the APOA Trauma & Infection Meeting 2017.
• Individuals must submit their curriculum vitae, which should include a reference from either the President of the National Orthopaedic Association or Council Member of the APOA.

The fellowship package covers the following:
• Economy-class return flight to Kuala Lumpur, Malaysia
• Accommodation
• Registration fee (worth USD 300) for the APOA Trauma & Infection Meeting 2017
• APOA – University Malaya Medical Centre (UMMC) Trauma Course registration fee (worth USD 300).

Successful applicants will be given assistance towards securing their air tickets and accommodation. Successful applicants MUST present a certificate of health and proof of health insurance coverage. The fellow is responsible for obtaining and payment of his/her own visa and visa fee respectively, as well as for their personal health and travel insurance. APOA Trauma will not reimburse visa fee, health and travel insurance.

The closing date for receipt of complete Fellowship applications is 30th November 2016.
Submit your application at the conference website, www.apoatrauma.com, by filling up the attached application form and submitting the required documents stated.

For any inquiries regarding the fellowship, email fellowship@apoatrauma.com
