

Asia Pacific Paediatric Orthopaedic Society

Travelling Fellowship Application for 2019

The APPOS is pleased to announce that applications for the 2019 travelling fellowship is now open for Orthopaedic Surgeons from the Asia-Pacific region

This year's fellowship will be hosted by Hong Kong and South Korea and runs from Sunday the 24th of March to Saturday the 6th of April

The Travelling Fellowship was established in 2015 to provide the opportunity for younger members of the orthopaedic community with a substantive interest in paediatric orthopaedics to expand their knowledge and develop links with colleagues in a country other than their own.

Three fellows will be selected to spend two weeks travelling to substantive centres in Hong Kong and South Korea during which you will be exposed to a wide range of paediatric orthopaedic practice, share experiences and present your research. The fellowship is completed by attending the APPS/APPOS 2019 meeting in Songdo, Incheon, South Korea where you will link up with the POSNA travelling fellows.

The APPOS will cover travel, accommodation costs, conference registration and a stipend for living expenses and food.

Friendships that develop during such fellowships will enrich your practice and provide long lasting links into the APPOS community.

Applications can be found at <https://www.apoaonline.com/fellowships.php>

Closing Date 28th of February 2019

Send completed application, current curriculum vitae and references to to Assoc Prof Leo Donnan (leo.donnan@rch.org.au) prior to the closing date.
